## HSE Management Systems – Adnoc Jobs

**Are you looking for an exciting opportunity with Adnoc Jobs?** We are currently looking for a skilled professional to join our team in the position of **HSE Management Systems**. At Adnoc, we focus on providing excellent work opportunities, great learning experiences, and long-term career growth. If you are passionate about Health, Safety, and Environmental (HSE) management and are ready to take your career to the next level, this could be the perfect job for you.

In this role, you will be working with a team that ensures safety standards are met and that all employees follow the best practices in Health, Safety, and Environmental matters. This position plays a vital role in maintaining a safe and efficient workplace, ensuring that Adnoc remains a leader in the industry.

## About the Job

The **HSE Management Systems** position is crucial for maintaining and improving the safety culture within Adnoc. You will be responsible for developing, implementing, and managing the company's health, safety, and environmental systems. Your role will ensure that all activities comply with safety regulations and industry standards. You will also provide guidance and support to teams on how to maintain a safe working environment.

You will need to understand and analyze HSE management practices, ensure safety training is up to date, and support various departments in achieving the company's safety goals. If you are someone who thrives in a dynamic work environment and is committed to health and safety standards, this job could be a great fit for you.

## Key Responsibilities

As the **HSE Management Systems** professional at Adnoc, your role will involve the following tasks:

- **Develop and Implement Safety Plans:** Create and execute safety management systems in line with Adnoc's policies and regulatory standards.
- **Conduct Risk Assessments:** Regularly assess potential hazards in the workplace and take necessary steps to reduce risks.
- **Safety Audits and Inspections:** Conduct internal safety audits and ensure compliance with all safety standards.
- **Training and Awareness:** Organize and deliver safety training sessions to employees to ensure they understand and follow safety procedures.
- **Incident Management:** Respond to any accidents or incidents and work on ways to prevent them from happening again.
- **Reporting and Documentation:** Prepare safety reports and maintain records of safety audits, inspections, and training activities.
- **Continuous Improvement:** Work with the team to improve the HSE management system and implement industry best practices.
- **Collaboration:** Work with various teams, including engineering and operations, to promote a culture of safety across all departments.

## Requirements

To be considered for this position, you should meet the following requirements:

- **Educational Qualifications:** A degree or diploma in Safety Management, Environmental Science, or a related field.
- **Experience:** At least 3-5 years of experience in HSE management, preferably in the oil and gas or energy industry.
- **Knowledge:** A strong understanding of HSE regulations, safety management systems, and risk assessment techniques.
- **Skills:**
  - Excellent communication skills.
  - Strong organizational and problem-solving skills.
  - Ability to handle multiple tasks efficiently and effectively.
  - Proficiency in Microsoft Office and HSE software.

- **Certifications:** NEBOSH, IOSH, or any other safety-related certification is a plus.
- **Personal Qualities:** You should be proactive, detail-oriented, and have a passion for maintaining safety standards.

## Benefits

At Adnoc, we value our employees and offer a range of benefits to support your professional and personal well-being:

- **Competitive Salary:** We offer a salary package that is competitive in the industry.
- **Health Insurance:** Comprehensive health coverage to ensure you and your family are well taken care of.
- **Career Growth:** Opportunities for personal development and career advancement.
- **Training and Development:** Continuous learning and growth through training programs.
- **Work-Life Balance:** Flexible working hours and a supportive environment for a healthy work-life balance.
- **Retirement Plan:** A solid retirement plan to secure your future.
- **Leave:** Paid annual leave and holidays.

## How to Apply

If you are interested in this **HSE Management Systems** position with Adnoc Jobs, we would love to hear from you! Please submit your application through the official site. Ensure that you include an updated resume and a cover letter that outlines your qualifications and experience related to this position.

We look forward to seeing how you can contribute to our team and help Adnoc maintain its strong commitment to safety and environmental sustainability.
