### Description

## Infosys Recruitment 2024: Craft User-Centric Experiences (Remote)

**Do you have a passion for creating intuitive and visually appealing user experiences? Are you a skilled problem solver with a desire to translate complex ideas into user-friendly interfaces?**

Infosys is seeking a talented individual to join our growing team as a UX Designer & UI Developer. This is a remote-first position, offering you the flexibility to work from anywhere in the world. In this role, you'll play a pivotal role in shaping the user journey across various digital products. You'll collaborate closely with designers, developers, and product managers to bring innovative ideas to life.

### Why Infosys?

Infosys is a global leader in consulting, technology, and outsourcing. We offer a dynamic and collaborative work environment where you'll have the opportunity to learn from industry experts and work on cutting-edge projects. We're committed to fostering a culture of innovation and continuous learning, providing you with the resources and support to help you grow your career.

(adsbygoogle = window.adsbygoogle || []).push({});

### What You'll Do

- Conduct user research to understand user needs, pain points, and behaviors.
- Develop user personas and journey maps to inform design decisions.

- Design high-fidelity mockups and prototypes using industry-standard design tools.
- Collaborate with UI developers to translate designs into functional and visually appealing interfaces.
- Ensure UI elements are consistent with established design guidelines and accessibility standards.
- Conduct usability testing to identify and address any usability issues.
- Stay up-to-date on the latest trends and technologies in UX/UI design.

## Infosys Jobs Near Me

### • Required Skills and Qualifications

- Proven experience in UX/UI design (1+ years for freshers, 3+ years for experienced candidates)
- Strong understanding of user-centered design principles
- Proficiency in design tools such as Figma, Sketch, or Adobe XD
- Solid understanding of HTML, CSS, and JavaScript (particularly for UI development)
- Excellent communication, collaboration, and problem-solving skills
- A passion for creating user-friendly and visually appealing experiences

### • Experience

- This position is open to both freshers and experienced professionals.

## Why Join Infosys?

At Infosys, we believe in creating a work environment that fosters creativity, innovation, and professional growth. Here are just a few reasons why you'll love working at Infosys:

- **Competitive salary and benefits package**
- **Opportunity to work on challenging and impactful projects**
- **Collaborative and supportive work environment**
- **Global exposure and opportunities for travel**
- **Continuous learning and development programs**
- **Remote-first work model with flexibility**

## The Application Process

To apply, please submit your resume and a cover letter outlining your interest in the position and how your skills and experience align with our requirements.

**We look forward to hearing from you!**

## Join Us and Make a Difference

Infosys is a company that values its employees and is committed to making a positive impact on the world. By joining our team, you'll have the opportunity to contribute to meaningful projects and work alongside talented individuals who are passionate about what they do.

## General Overview

This position offers a unique opportunity to combine your UX design skills with UI development expertise. You'll be responsible for the entire user experience journey, from understanding user needs to translating designs into functional interfaces. If you're a creative problem solver with a passion for user-centric design, we encourage you to apply!
