Wipro Jobs For Freshers

Responsibilities:

- **Monitor network performance:** Proactively track network activity, identify potential issues, and take corrective action to prevent outages and disruptions.
- **Troubleshooting and problem-solving:** Analyze network anomalies, diagnose technical issues, and implement effective solutions to restore optimal performance.
- **Configuration and maintenance:** Perform basic configuration tasks on network devices like switches, routers, and firewalls, following established best practices.
- **Documenting and reporting:** Maintain accurate records of network activity, troubleshooting steps, and resolutions. Prepare clear and concise reports for internal stakeholders.

- **User support:** Assist internal users with basic network connectivity issues and provide clear instructions for resolution.
