### Description

## Nykaa Recruitment 2023

The Title Analyst will be responsible for creating and maintaining a system to track the life of every title in development at the company. The analyst will need to have a good understanding of game development cycles, as well as the various roles within a development studio. The ideal candidate for this position is someone with an excellent eye for detail, as well as superb organizational skills. This is a highly analytical role that will require the individual to have a working knowledge of Excel and basic SQL.
