### Description

## Whitehat Jr. Recruitment 2023

As a Coding Teacher, you will play a crucial role in educating and inspiring students in the field of coding and programming. You will design and deliver engaging lessons, guide students through hands-on activities and projects, and foster a positive learning environment. Your passion for coding, strong communication skills, and ability to adapt teaching methods to different learning styles will contribute to the success of our coding education program.

Whitehat Jr. Jobs Work From Home

### Responsibilities:

1. Design and develop lesson plans, curriculum, and learning materials for coding classes based on age, skill level, and learning objectives.
2. Teach coding concepts and programming languages to students, using various instructional techniques, such as lectures, demonstrations, and hands-on activities.
3. Guide students through coding exercises, projects, and challenges, providing support and feedback to help them develop their coding skills.
4. Promote a positive and inclusive learning environment, fostering creativity,

collaboration, and critical thinking among students.

5. Assess student progress, provide constructive feedback, and track their performance to ensure continuous improvement.
6. Stay updated on the latest coding languages, tools, and industry trends to incorporate relevant and current information into the curriculum.
