Description

Zomato Recruitment 2023

As a Quality Control Coordinator, your primary responsibility will be to ensure that products and services meet the established quality standards and customer requirements. You will play a crucial role in monitoring and evaluating processes, identifying areas for improvement, and implementing quality control measures. Your attention to detail and commitment to maintaining high-quality standards will contribute to the overall success of the organization.

Zomato Jobs Near Me

Responsibilities:

1. **Quality Control Processes:** Develop, implement, and maintain quality control processes and procedures to ensure compliance with industry standards and regulations. Establish inspection standards, sampling plans, and quality criteria for incoming materials, in-process production, and final products or services.
2. **Quality Assurance:** Monitor and assess the quality of products or services at various stages of production or delivery. Conduct inspections, tests, and measurements to identify defects, deviations, or non-conformities. Collaborate with production teams, suppliers, and other stakeholders to resolve quality issues and implement corrective actions.
3. **Documentation and Reporting:** Create and maintain detailed quality

control documentation, including inspection reports, non-conformance records, and quality metrics. Prepare regular quality performance reports and communicate findings to management. Identify trends, patterns, and opportunities for improvement based on data analysis.

4. **Training and Education:** Provide training and guidance to employees on quality control procedures, standards, and best practices. Ensure that all relevant personnel understand and follow quality guidelines. Promote a culture of quality consciousness and continuous improvement throughout the organization.
5. **Supplier Quality Management:** Evaluate and monitor the quality performance of suppliers and subcontractors. Conduct supplier audits and assessments to ensure compliance with quality requirements. Collaborate with procurement and supplier management teams to address quality issues, drive supplier improvements, and maintain strong supplier relationships.
